

SPARE PART AND SERVICE CONTAINERS

Junttan
LIFE

ENSURE YOUR SERVICE OPERATIONS

When something goes wrong, wouldn't it be nice if you had the needed parts and tools available on site? Junttan provides on-site service and spare part containers to remote or long term worksite locations. These highly efficient and mobile 20"-container-based worksites provide all the technology, equipment and inventory needed for the most common maintenance and repair procedures.

SPARE PART CONTAINER BENEFITS

- Saves money, time and trouble
- Easy and safe storage of spare parts
- Container content is carefully selected in cooperation with customer and Junttan network
- Right parts needed on site
- Easy to follow site inventory and order refill parts
- Loss of parts is minimized
- Supports using Junttan Preventive Maintenance program

SERVICE CONTAINER BENEFITS

- Safe indoor work environment for small repairs
- Right tools needed for maintenance and repairs
- Allows normal services and repairs to be performed on-site
- Best possible on site service solution when combined with spare parts
- Each container is build based on customer needs to suit equipment and conditions of the operations
